K-3 resurfacing work to begin next week

The week of Oct. 24 the Kansas Department of Transportation (KDOT) plans to start a resurfacing project on K-3 between K-31 and U.S. 54 (see map).

Project activity includes a mill and inlay with rock edge wedge. Flaggers and a pilot car will guide one-lane traffic through the work zone during daylight hours. Expect delays of 15 minutes or less. Weather permitting, the road work will be finished in one month.

KDOT awarded Pearson Construction, LLC, of Wichita the project contract of \$2 million. Persons with questions may contact KDOT Area Engineer Troy Howard at (620) 901-6557 or Public Affairs Manager Priscilla Petersen, (620) 902-6433. Check KDOT's updated traveler information website, www.Kandrive.org, for more road condition and construction details.
